REPORT OF THE DIRECTOR

The Department of Insurance is organized into four separate divisions: the Hearing Division, the Corporate and Financial Affairs Division, the Consumer Affairs and Investigations Division, and the Rates and Regulation Division. The Hearing Division reports directly to the Director of Insurance, while the other divisons report through the Deputy Director, Susan Gallinger, who is also responsible for the administrative and actuarial functions of the Department. Additionally, the Deputy Director serves as liaison between the Department of Insurance and the two Arizona guaranty funds and is responsible for coordination and tracking of all receiverships, conservatorships and supervisions conducted by the Department.

The Hearing Division is headed by the Chief Hearing Officer and is responsible for conducting all hearings held by the Department of Insurance. The remaining three divisions are supervised by Assistant Directors, each of whom is charged with overseeing his or her specific responsibilities as prescribed by Arizona insurance laws and as assigned by the Director of Insurance. In addition to the above, the Director is assisted in legislative activities and policy issues by an Executive Assistant, Gay Ann Williams, and Administrative Assistant, Patsy Rivera.

During 1986, the Department took an active role at the state and federal level in several important insurance arenas. First, as Chairman of the National Association of Insurance Commissioners (NAIC) Medicare Supplement, Long Term and Other Limited Benefit Plans Task Force, the Director was instrumental in the passage of the NAIC Long Term Care Insurance Model Act. This model law has been nationally recognized as the necessary first step in protecting senior citizens who purchase long term care insurance policies. The Director was also appointed by the Secretary of Health and Human Services to serve as a member of the Federal Task Force on Long Term Health Care Policies. Second, the Director participated on a study group with the insurance commissioners from five other states in developing the NAIC's Model Risk Retention Act. This model was developed in response to the enactment by Congress of the Liability Risk Retention Act of 1986 to ensure that -- not withstanding relatively broad federal preemption -- the states can preserve their right to regulate the business of insurance where not expressly abrogated by Congress.

Corporate and Financial Affairs Division

The Corporate and Financial Affairs Division is headed by Assistant Director Roy E. Gill, CFE. This Division is primarily responsible for monitoring the solvency of domestic and foreign insurers. The Division has nine full-time employees, along with 26 field examiners and three examination coordinators who, as independent contractors, conduct financial examinations of domestic and foreign insurers.

During 1986, 221 domestic and seven foreign examinations were conducted as well as pre-admission examinations for 123 Arizona insurers. The Division also screened and admitted 83 foreign insurance companies during the year. As of December, 31, 1986, Arizona had licensed 2,397 insurers to transact business in this State, including 832 domestics.

The Corporate and Financial Affairs Division receives all insurer annual and quarterly financial statements and has the responsibility for the collection of premium taxes and other related fees, amounting to $84,802,781 in 1986, including penalties and interest of $321,600. Premium tax audits also resulted in the collection of an additional $116,271. This Division receives other filings from authorized companies and as part of the monitoring for financial solvency, reviews the NAIC Insurance Regulatory Information System (IRIS) reports on all insurers authorized in the State of Arizona.

The Division also provides technical assistance to the Life and Disability and the Property and Casualty Insurance Guaranty Funds as necessary. Toward that end, Division personnel assisted in the computation, billing and collection of a $10,237,000 Property and Casualty Insurance Guaranty Fund assessment, and $3,872,000 of Life and Health Insurance Guaranty Fund assessments during 1986. The Division has the responsibility for notifying other Divisions, as well as other regulatory bodies, of regulatory action affecting Arizona insurers.

Consumer Affairs and Investigations Division

The Department's Consumer Affairs and Investigations Division is headed by Assistant Director Robert L. Zielinski. The Division is responsible for implementing the Department's consumer assistance programs and conducting investigations for administrative hearings or litigation regarding violations of Arizona insurance laws. The Division maintains offices in Phoenix and Tucson to provide easier access by Arizona consumers to the Department's services.

During the past year the Division handled nearly 7,000 written complaints and responded to over 77,000 telephone inquiries. The Division staff, acting as ombudsmen, were successful in assisting Arizona citizens in obtaining settlements from insurers in the amount of over $8.5 million in 1986.

The Division is responsible for the distribution and dissemination of the Department's consumer information materials, including the automobile and homeowners premium comparisons and the personal lines complaint ratios. As part of the Department's overall consumer assistance program, the Division provides speakers to schools, senior citizens groups, and radio and television stations. The range of topics includes insurance claims practices, auto and health insurance problems, and the role of the Department of Insurance.

The Consumer Affairs and Investigations Division oversees the administration of the Unfair Claims Settlement Practices Act, and the Department's regulations adopted pursuant to that law. The Division issued 181 citations for unfair claims practices against insurers during 1986. Division employees conducted 189 investigations of agents, brokers, adjusters and bail bondsmen resulting in 81 cases being referred to the Attorney General's office for administrative action.

Rates and Regulation Division

The position of Assistant Director of Rates and Regulation is vacant at this time. The Division is comprised of three sections: Licensing, Life and Disability and Property and Casualty.

Licensing Section. The Licensing Section is supervised by Maureen Catalioto. This Section is responsible for issuing insurance licenses to those applicants who qualify in accordance with Arizona insurance law and regulations.

This Section reviews and processes applications for insurance licenses for agents, brokers, adjusters, solicitors, service representatives, and risk management consultants. Additionally, the Section administers title, bail bond, and adjuster examinations.

During 1986, the Licensing Section issued 6,506 new life type licenses and 2,745 property and casualty type licenses. A total of 11,911 renewal licenses were also issued by year end. At the end of 1986 the number of resident and non-resident licensees in Arizona totaled 36,341, who in turn held a total of 41,898 active licenses.

Life and Disability Section. This Section is supervised by Mary Butterfield. The Life and Disability Section is responsible for reviewing advertising, policy forms, rates for individual health coverage and contracts issued by life and health insurers; health care service organizations; hospital, medical, dental and optometric service corporations; and prepaid dental plan organizations. During 1986, this Section reviewed and approved 12,495 form and rate filings including advertising materials, while disapproving 302 filings.

Monitoring consumer complaints against life and health insurance companies in order to determine the need for market conduct examinations is also a responsibility of the Life and Disability Section. The Section supervises the life and disability market conduct examination program which involves onsite review of claims and market activities. During 1986, 20 market conduct examinations were completed. The findings of these examinations resulted in civil penalties totaling $12,500 imposed because of violations of the Unfair Claims Settlement Practices Act.

During 1986, this Section conducted a survey of insurance companies which market long term care insurance policies. This survey was used by the Department to determine the number of long term care policies in force in Arizona, the number of companies writing this type of business, and the average cost for long term care insurance. The Life and Disability Section continued to have a staff member serving as the Department's liaison with the Senior Citizens Health Insurance Advisory Committee.

Property and Casualty Section. The Property and Casualty Section, supervised by Deloris E. Williamson, is primarily responsible for administering Arizona's insurance laws applicable to property and casualty rates and forms. Additionally, this Section's responsibilities include regulating service companies, adding or removing unauthorized insurers from the surplus lines list, licensing rate service and advisory organizations, reviewing workers' compensation bonds and securities, supervising Property and Casualty market conduct examinations, and monitoring the marketplace by conducting premium surveys and availability studies.

During 1986, this Section prepared four major publications for the benefit of Arizona insurance consumers -- the Automobile Premium Comparison, the Homeowners' Premium Comparison, the Mobile Home Owners' Premium Comparison, and, in cooperation with the Consumer Affairs and Investigations Division, the Personal Lines Complaint Ratio. All had a similar purpose, to assist the public in the purchase of insurance coverage and the selection of an insurance company:

- The Automobile Premium Comparison compared the premiums of 55 insurers writing over 89% of the private passenger automobile insurance in Arizona. Premiums ranged from $297 to $678 for the hypothetical risk, demonstrating that it is in the consumers' best interest to comparison shop for insurance.

- The Home Owners' Premium Comparison listed the premiums of 46 companies writing a marketshare of more than 90% of the homeowners' insurance in Arizona. Premiums ranged from $201 to $408 for the same Phoenix hypothetical risk; and, again, clearly exhibited the advantages of comparison shopping for insurance.

- The Mobile Home Owners' Premium Comparison compared the premiums of 16 companies writing approximately 70% of all the mobile home owners' insurance written in Arizona. Premiums ranged from $115 to $313 for the same hypothetical risk.

- The Complaint Ratio brought to public attention those companies about which the Department had received numerous complaints in 1986. This publication assists the Department is assessing individual company performance during the year, in identifying problems

which require prompt regulatory action, and by serving as a deterrent to "would be" offenders. The Complaint Ratio also permits the Department to most effectively target insurers to be considered candidates for market conduct examinations.

The Section also supervises the property and casualty market conduct examination program which involves on-site review of insurance company rating, underwritng, claims, and marketing practices. As a result of examinations conducted in 1986, over $205,734 was refunded to Arizona policyholders whose insurance companies had failed to include taxes and fees in the settlement of first party automobile total loss claims or had made undocumented or improper deductions in settling claims. Additionally, a total of $20,000 in civil penalties was assessed by the Director and paid by companies found in violation of various Arizona insurance laws at the time of the examination.

Finally, during 1986 the Section reviewed and processed 15,968 form and rate filings, prepared several technical exhibits, and negotiated various Consent Orders resulting in approximately $83,000 being refunded to policyholders for inaccuracies or overcharges involving rates.

Hearing Division

Under the direction of Chief Hearing Officer Michael Sophy, the Hearing Division conducted 131 hearings and issued 310 Orders in 1986. In addition, the Division continued to provide legal assistance to the other divisions of the Department of Insurance and drafted insurance-related legislation and regulations.

During 1986, 19 agents had their licenses either revoked or suspended and an additional 19 agents were ordered to cease and desist from unlawful activity. Fines in the amount of $9,911 were imposed on agents and restitution and expenses of $3,580 were collected. Three disciplinary matters were dismissed and five orders denying rehearing were issued.

The 1986 Federal Tax Reform contributed to a dramatic increase in business-related hearings. Companies either merging with other insurers, acquiring other companies, or withdrawing from the insurance business led to 107 hearings for the year, mostly during the final month. Additionally, 20 Orders were issued for a variety of company activities such as disapproval of policy forms and orders requiring reimbursement to insureds as a result of market conduct examinations. 27 Orders were issued either revoking or suspending Certificates of Authority, principally for deficiencies in assets.

Public hearings were held to determine whether a joint underwriting plan should be activated in the case of several identifiable groups: nurse-midwives, perfusionists, surgeons and asbestos abatement contractors. For additional information on this topic, please see Attorney General Opinions section below.

Assistant Attorneys General

The Assistant Attorneys General assigned to the Insurance Department act as counsel to the Director of Insurance and the management of the Insurance Department. Their services include interpreting the Insurance Code and supplying statutory construction analyses in the form of Attorney General Opinions, counsel memoranda and oral communication. The Assistant Attorneys General also represent the Property and Casualty Guaranty Fund and the Life and Disability Guaranty Fund. Additional services include defending suits against the Department, representing the Insurance Department in appeals from the Director's administrative orders, and instituting actions on behalf of the Director to enforce the provisions of the Insurance Code. The Assistant Attorneys General are actively involved in the rehabilitation and liquidation of insolvent insurers, and seek court appointment of receivers and ancillary receivers when necessary.

Other functions performed by the Attorneys General office include drafting and reviewing notices of hearing, contracts and other legal documents for the Department, responding to correspondence from insurance companies and other state insurance departments, providing advice to members of the Department on various legal problems which arise in their division, and reviewing all rules proposed by the Insurance Department for legal sufficiency.

Attorney General Opinions

During 1986, the Department of Insurance requested an Attorney General opinion on the question of the constitutionality of the legislation creating joint underwriting plans to provide liability insurance for midwives, A.R.S. §§20-2202 to -2221 and §§20-2302 to -2316. On March 11, 1987, the Attorney General issued Opinion I87-037, concluding that a court would find this legislation unconstitutional.

CIRCULAR LETTER NO. 87-4

DATE: AUGUST 14, 1987

TO: ALL INSURANCE TRADE ASSOCIATIONS, INSURANCE MEDIA PUBLICATIONS AND INTERESTED PERSONS

FROM: S. DAVID CHILDERS, DIRECTOR

RE: 1987 ARIZONA INSURANCE LEGISLATION

The 1987 Thirty-Eighth Session of the Arizona Legislature has recently concluded, producing some of the most significant insurance-related legislation in the recent history of this State. Legislation ranged from bills to provide increased consumer protection to those designed to enhance the insurance marketplace by providing additional alternative sources for obtaining insurance. A bill which requires the Department to assess licensees for the purpose of automating the agency will result in improvement of the quality of our service to consumers and the insurance industry.

As has been our practice in the past, the following is a brief summary of the major components of the newly-enacted insurance legislation. This summary is not intended to be either an exhaustive listing or detailed legal analysis of the insurance bills that became law; rather the intent here is to describe the main areas where substantive changes in insurance regulatory requirements have taken place. Obviously this synopsis should

not be considered to be a legal opinion or otherwise binding interpretation of the legislation. I encourage all interested persons to obtain copies of the signed bills by contacting the Arizona Secretary of State's office at (602) 255-4285.

The principal insurance legislation is as follows (reference is to the House or Senate bill number as enacted):

S.B. 1053 - MANAGING GENERAL AGENTS (CHAPTER 130)

This law requires every licensed managing general agent to maintain a deposit for the protection of policyholders and insurers. Senate Bill 1053, which was part of the Department's legislative package, was pursued because managing general agents (MGAs) frequently hold and handle large amounts of funds belonging to both insureds and insurers which, upon insolvency of an insurer, are difficult, and occasionally impossible to collect. In addition, MGAs frequently conduct business on a "float" basis which can result both in premiums being forwarded to insurers in an untimely manner and refunds to insureds being delayed. The amount of deposit required under the new law will be 10% of the amount of total monies handled by the MGA during the proceeding year, except that the deposit may not be less than $50,000 nor more than $100,000. It is our hope that the deposit and surety bond requirements of the new law will help mitigate the impact of future insolvencies by allowing the Director to utilize the deposit or surety bond proceeds for the protection of policyholders. Effective August 18, 1987.

S.B. 1054 - RESTITUTION (CHAPTER 23)

A.R.S. §20-316(C) was amended to authorize the Director to require restitution by any licensee upon a finding that the licensee has violated the insurance laws of this State. The legislation was designed primarily to enable the Director to compensate policyholders who have been financially harmed due to misappropriation of insurance premiums. Such compensation may be imposed in lieu of, or in addition to, other remedies provided by law. Effective August 18, 1987.

S.B. 1093 - LONG TERM CARE (CHAPTER 179)

This Long Term Care Act was designed to promote the availability of long term care insurance policies by allowing insurers a measure of flexibility and innovation in the development of long term care coverage. At the same time, the bill also provides the authority for the Department of Insurance to protect insureds from unfair or deceptive sales practices and establishes specific standards for the sale of long term care policies. These standards include performance and disclosure requirements regarding cancellation, preexisting conditions, prior institutionalization and the right to return the policy for a refund after a "free look" by the insured. The bill also defines long term care insurance as any policy designed to provide coverage for at least twelve consecutive months in a setting other than a hospital. Effective August 18, 1987.

S.B. 1099 - CHIROPRACTORS (CHAPTER 216)

This bill makes permanent the current temporary provision prohibiting the denial of chiropractic insurance benefits under certain circumstances. The bill also allows for the direct reimbursement of chiropractors by insurers and allows chiropractors to contract with hospital service corporations. The prohibition of denial of chiropractic contract benefits in subscription, disability or group/blanket disability insurance contracts was also extended. Effective August 18, 1987.

S.B. 1164 - RISK RETENTION GROUPS (CHAPTER 213)

This bill clarifies the extent of the State's authority with respect to the regulation of risk retention groups authorized under the Federal Risk Retention Act of 1986. The Federal enactment provides, inter alia, that risk retention groups which qualify as liability insurers in one state need not requalify in order to conduct business in other states. The bill establishes financial requirements for risk retention groups domiciled in Arizona and also requires that certain information be submitted to the Department of Insurance before risks are underwritten in Arizona. Allocation of guaranty funds to risk retention groups is prohibited. Risk retention groups are required to inform their policyholders of the lack of guaranty fund protection and that risk retention groups might not be subject to all insurance laws and regulations of the state. Effective August 18, 1987.

S.B. 1245 - HEALTH CARE SERVICE ORGANIZATIONS (CHAPTER 82)

This bill, which was signed with an emergency clause, removes restrictions prohibiting health care services organizations from identifying their health providers and describing their professional qualifications, experience, competence, skills, reputations and achievements in advertising or solicitations for membership. Effective April 17, 1987.

S.B. 1280 - MOTOR VEHICLE INSURERS (CHAPTER 239)

Senate Bill 1280 prohibits motor vehicle insurers from increasing the premiums of an insured who is involved in an accident not caused, or significantly contributed to, by the actions of the insured. Insurers who increase premiums as the result of accid nt involvement are required to notify the insured of the reasons for such increase. The Director of the Department of Insurance is authorized to investigate and hold hearings to ascertain violations of this act and to impose a civil penalty of up to $300 where violations are found.

H.B. 2034 - INSURANCE RATES (CHAPTER 136)

This bill gives the Director greater flexibility than exists under current law to determine when property and casualty insurance rates are excessive. The Director may find an absence of competition in the insurance marketplace by considering such factors as the number of insurers actively engaged in a particular class, market share, rate differentials and ease of market entry.

The bill also prohibits insurers from adjusting their manual rates without adequate justification and allows the Director to examine insurers whose premium deviations from filed rates exceed an established percentage. Penalties for violations include fines, suspensions and refunds.

Finally, the bill establishes an Insurance Consumer Advisory Board to advise the Director of information relating to the insurance marketplace in terms of competition and both excessive and inadequate premiums. This mechanism should provide an added source of information to enable the Director to ensure full compliance with the rate law and to discourage anti-competitive practices. Effective August 18, 1987.

H.B. 2076 - NOTICES TO INSUREDS (CHAPTER 137)

This bill establishes a mandatory grace period for payment of premium of at least seven days for auto insurance policyholders. Insurers are then required to mail a notice of cancellation after the grace period stating the reason for cancellation. These provisions apply to motor vehicle policies that are issued or renewed after the effective date of this bill. Effective August 18, 1987.

H.B. 2082 - TAX EXEMPTIONS; HCSOs (CHAPTER 249)

This bill exempts those health care service organizations which contract with the Department of Health and Human Services to provide services to Medicare patients on a risk basis from the state's 1.7 percent insurance premium tax imposed and collected by the Department of Insurance. Effective August 18, 1987.

H.B. 2218 - INSURANCE LICENSE SURCHARGE (CHAPTER 260)

This legislation, which was passed with an emergency clause, requires the Director of the Department of Insurance to impose a surcharge of not more than fifteen percent on all licenses and certificates of authority for the purpose of establishing an electronic data processing system for the Department. The Director is also given authority to contract with and compensate personnel necessary to implement the system. Effective May 11, 1987.

H.B. 2231 - INVESTMENTS IN FOREIGN BANKS (CHAPTER 125)

This bill authorizes insurers to invest or deposit funds in foreign banks which have been approved by the Director after a hearing, provided that such banks are rated long-term AA or A-1/P-1 by Standard and Poor's or Moody's rating services. Deposits and investments authorized under this act will be included in the ten percent limitation on foreign investments. Effective August 18, 1987.

H.B. 2254 - AGENTS OF RECORD (CHAPTER 285)

This bill was enacted with an emergency clause. It requires that licensed motor vehicle insurance agents/agencies remain the agent of record with authority to provide customary services to policyholders at normal fees even though the insurer has terminated the agent's/agency's service contract. The bill also makes inapplicable the above provisions if: the agent of record is under exclusive contract to the insurer; expiration of

policies is owned by the insurer; the agent's license has been revoked; the agent is indebted to the insurer; the insured requests a change of agent; or the Director determines continuation of the relationship is not in the public interest. This bill applies to policies issued or renewed after the effective date of the bill. Effective May 14, 1987.

H.B. 2271 - JOINT UNDERWRITING ASSOCIATIONS (CHAPTER 261)

This bill amends A.R.S. §§20-2201 through 20-2221 to correct constitutional defects found by the Attorney General in an opinion issued in March, 1987. The bill subjects all powers of the Joint Underwriting Association (JUA) to approval by the Director of the Department of Insurance. The Director is authorized to retain those persons necessary for effective operation of the JUA, to impose surcharges for occurrence riders and to allow amortization of start-up expenses over a period of at least five years. The maximum assessment on each participating insurer of the Association is increased from $100 to $500, and the Director is permitted to annually assess each insurer an amount up to $200 for administrative costs. These provisions terminate from and after December 31, 1990. Effective August 18, 1987.

H.B. 2275 - PSYCHOLOGISTS BENEFITS (CHAPTER 215)

This bill allows direct reimbursement of insurance proceeds to psychologists and allows psychologists to enter into participation contracts with hospital service corporations. It

continues the restriction on the denial of insurance benefits to psychologists or physicians under any disability insurance contract for services for which the subscriber is eligible and which fall within the scope of practice of the psychologists or physicians. Effective August 18, 1987.

H.B. 2326 - ADOPTED CHILDREN (CHAPTER 209)

This bill mandates that insurers, pre-paid dental plans and health care services organizations provide coverage for adopted children from the time the adoption or adoption placement procedures have been completed. It defines child for purposes of initial placement as any person under the age of 18 years. Insuring organizations are allowed to require payment of applicable premiums within 31 days of adoption or placement. Effective August 18, 1987.

This was a very productive year that saw the enactment of significant insurance legislation designed to improve the regulation of the business of insurance in Arizona. In recognition of this fact, I would like to acknowledge the help and interest of the Senate Insurance, Retirement and Aging Committee and the House Banking and Insurance Committee and their staff, in obtaining passage of this legislation. Both Senator Tony West and Representative Jim Meredith, Chairmen of the respective Senate and House committees, assisted in overseeing the passage of many of these key measures.

2. Old Security Life Insurance Company (MO) (OSL):

No activity was recorded by the Fund with regard to OSL during calendar year 1986. For all intents and purposes, this impairment had been wound up as evidenced by the report on the history and causes of the impairment of OSL, pursuant to A.R.S. Section 20-689.6, that was filed with you in 1984.

It is expected that the Fund will receive approximately $60,000 from the Receiver of OSL early in 1987 due to litigation recently settled involving interest earned on Benefit Payments made by the Fund.

3. Iowa State Travelers Mutual Assurance Company (IA) (ISTMAC):

The Guaranty Fund Act was invoked in early 1983 regarding ISTMAC. Even though there was no claims activity with regard to ISTMAC, the Iowa Receivership is still open. The following is a claims summary on ISTMAC from inception through December 31, 1986.

As a result of these two insurers being placed into Voluntary Rehabilitation in July, 1983, the Guaranty Fund Act was invoked in November, 1983, and a Class "C" Assessment was made for annuities only. The Fund began receiving the proceeds of this Assessment in January, 1984, and also commenced making the first

benefit payments as of January 18, 1984, after guidelines and Benefit Payment Request Forms had been approved by the Board of Directors. The following is a summary of benefit payments made by the Fund to NILIC contract holders from inception.

(NOTE: No Benefit Payments have been made to ULIC contract holders).

FIDAM was placed in Receivership on January 24, 1985, by Order of a Maricopa County, Arizona, Superior Court. You notified the Fund of this impairment by memorandum dated January 29, 1985. The Board of Directors of the Fund then met on January 31, 1985, for the purpose of determining the Fund's obligations with respect to FIDAM and how those obligations would be carried out under the Fund's Plan of Operation. As a result of this meeting, the Fund commenced making Benefit Payments to policyholders of FIDAM on February 9, 1985. A summary of Benefit Payments from inception follows:

	Number of Payments	Amount
Disability Account	1,154	$802,773
Life Account	3	13,326
Annuity Account	-0-	-0-
	1,157	$816,099

6. Pioneer Annuity Life Insurance Company (AZ) (PALIC):

In accordance with the notice you gave to the Fund, dated May 8, 1985, informing the Board of Directors of the impairment of PALIC and that PALIC had been placed in Receivership, the Board of Directors of this Fund met on May 21, 1985, to determine its obligations and how they would be carried out under the Fund's Plan of Operation. The Fund began making Benefit Payments to PALIC policyholders on May 18, 1985, as a result of the May 21st meeting. PALIC Benefit Payments are summarized as follows:

	Number of Payments	Amount
Disability Account	7,287	$2,367,923

RECOVERIES FROM RECEIVER		($ 685,000)

7. Great Global Assurance Company (AZ) (GGAC):

The Fund was notified of the impairment of GGAC on February 12, 1986, and the Fund commenced making Benefit Payments to GGAC Policyholders on March 4, 1986. Fund Activity on GGAC through December 31, 1986, is as follows:

	Number of Payments	Amount
Disability Claims:		
Blood Plan	1,432	$ 422,003
Hospital Indemnity and Disability Income	175	93,698
Unearned Premiums	351	3,917
	1,958	$ 519,618

8. California Life Insurance Company (CA) (CLIC):

Notification of the impairment of CLIC was received by the Board of Directors of this Fund on June 25, 1986. Because of difficulty in securing necessary records for the processing of claims, Benefit Payments to CLIC policyholders did not begin until the Fall of 1986 and have continued beyond December 31, 1986. A summary of Claims Payments on behalf of CLIC through December 31, 1986, follows:

	Number of Payments	Amount
Disability Claims	53	$ 25,100

9. Continental Bankers Life Insurance Company of the South (TN) (CBLIS):

Notice of the CBLIS impairment was received by the Fund September 4, 1986. The Board met with regard to CBLIS on October 1, 1986, and Benefit Payments by the Fund to CBLIS policyholders commenced in early December, 1986. The following is a summary of Fund Benefit Payments made on the CBLIS impairment through December 31, 1986:

	Number of Payments	Amount
Disability Claims	25	$ 14,033

10. Hermitage Health and Life Insurance Company (TN) (HHLIC):

The Board received notice of the impairment of HHLIC on October 29, 1986, and acted on the matter the same day. Through December 31, 1986, no claims have been paid by the Fund on behalf of HHLIC and it appears that because of a bulk reinsurance agreement covering most of HHLIC business, negotiated by Tennessee authorities, there should be a minimal claims liability exposure to this Fund in the future.

ASSESSMENTS:

No assessments were made by the Fund during calendar year 1986; however, funds were received in 1986 in the amount of $3,872,620 as a result of the assessment made in December, 1985.

SUPPLEMENTAL INFORMATION:

National Investors Life Insurance Company (Baldwin United):

As you are aware, an Enhancement Plan has been fashioned for the

benefit of Baldwin United contract holders. Phase I of that Plan has been completed and Phase II is in process. This Fund, along with Funds of several other states, have joined the Enhancement Plan. It now appears that the Enhancement Plan is going forward at best possible speed and should be completed for the benefit of Baldwin United contract holders by the end of 1987. An estimate of Fund exposure is as follows:

Estimated With Affiliate Assets Included	Without Estimated Affiliate Assets Included
$390,000	$1,620,000

These numbers are based upon the information received by the Fund on this subject.

The Board of Directors
Arizona Life and Disability
Insurance Guaranty Fund
Phoenix, Arizona

We have examined the statements of assets and liabilities arising from cash transactions of the Arizona Life and Disability Insurance Guaranty Fund as of December 31, 1986 and 1985 and the related statements of cash receipts, cash disbursements, and fund balance for the years then ended. Our examinations were made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1(a) of the notes to financial statements, it is the Fund's policy to prepare its financial statements on the basis of cash receipts and disbursements; consequently, revenue and the related assets are recognized when received rather than when earned and expenses are recognized when paid rather than when the obligation is incurred. Accordingly, the accompanying financial statements are not intended to present financial position and results of operations in conformity with generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly the assets and liabilities arising from cash transactions of the Arizona Life and Disability Insurance Guaranty Fund as of December 31, 1986 and 1985 and the revenue collected, expenses paid, and changes in fund balance for the years then ended, on the basis of accounting described in Note 1(a) of the notes to financial statements, which basis has been applied in a manner consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplementary data included on page five are presented for purposes of additional analysis and not as a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the examination of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Arizona Property and Casualty Insurance Guaranty Fund
Phoenix, AZ

We have examined the statement of assets, liabilities, and fund balance of Arizona Property and Casualty Insurance Guaranty Fund as of December 31, 1986 and the related statement of cash receipts, cash disbursements, and changes in fund balance for the year then ended arising from cash transactions. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such testS of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 2 to the financial statements the Fund's policy is to prepare its financial statements on the basis of cash receipts and disbursements. Consequently, revenues and the related assets are recognized when received rather than when earned, and expenses and related liabilities are recognized when paid rather than when the obligation is incurred. Accordingly, the accompanying financial statments do not, and are not intended to present financial position and results of operations in conformity with generally accepted accounting principles.

In our opinion, the accompanying financial statements referred to above present fairly the assets, liabilities, and fund balance of Arizona Property and Casualty Insurance Guaranty Fund as of December 31, 1986 and the cash received and cash disbursed and changes in fund balance for the year then ended on the accounting basis described above applied in a manner consistent with that of the preceding year.

ARIZONA PROPERTY AND CASUALTY INSURANCE GUARANTY FUND
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1986

1. ORGANIZATION:

The Arizona Property and Casualty Insurance Guaranty Fund (the Fund) was established by legislative action to settle policyholder claims against insolvent property and casualty insurers and is organized in accordance with Title 20, Chapter 3, Article 6, Arizona Revised Statutes, as amended. For purposes of assessment, the Fund is divided into an administrative account, an automobile insurance account and an account for all other types of insurance relative to the above stated statute. Costs, expenses and liabilities of the Fund are not general obligations of the State of Arizona.

The Fund is under the general direction of the Guaranty Fund Board (the Board) which consists of eleven members representing various insurance organizations and a member of the general public. The purpose of the Board, which is subject to the powers of the Director of Arizona State Department of Insurance, is to administer, operate, and manage the Fund.

The Board is empowered to retain a managing secretary and a claims servicing facility. The duties of the managing secretary are to oversee the administrative functions such as accounting, recordkeeping, scheduling, and other necessary functions. The duties of the claims servicing facility are to administer and process covered claims. The Board retained L. Jean Dempsey, Inc. as managing secretary and GAB Business Services, Inc. and Frontier Adjusters as the claims processing facilities for 1986. Contracts with all of these organizations expire on February 28, 1987.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting-

The financial statements are presented on the cash basis of accounting which vary from generally accepted accounting principles. Under this method of accounting, revenues and the related assets are recognized when received rather than when earned, and expenses and liabilities are recognized when paid rather than when the obligation is incurred.

Interest Income-

Pursuant to the statutes referred to in Note 1, interest income earned on investments is credited to the account from which the funds were obtained.

Early Access Receipts-

Early access receipts represent distributions of funds from insolvent insurers which become available after reservation by the receiver of amounts for administrative expenses, claims of secured creditors, and other priority claims. These receipts differ from receivership distributions since they are subject to reimbursement in the event that subsequent additional priority claims arise.

Investments-

Investments are stated at cost and consists of two Valley National Bank, seven day, certificates of deposit yielding 5.75% annually which matured on January 2, 1987. These certificates are renewed automatically upon maturity. Investments are restricted to those which are permitted to insurers for statutory deposits pursuant to ARS 20-583.

3. ASSESSMENTS:

The Board is empowered to assess member insurers amounts that are sufficient to pay the obligations and expenses of the Fund. The assessment to each member insurer is made in proportion to net direct written premiums in the State of Arizona of that insurer to the net direct written premiums of all member insurers in the State of Arizona for each account. The assessment is limited to one percent of a member insurer's net direct written premiums.

On December 16, 1985 and November 23, 1986, the Fund assessed member insurers the following amounts. Payments were not received on the 1985 assessment until January, 1986;

	1985	1986
Automobile Insurance Account	$ 2,004,182	$ 5,496,937
Other Insurance Account	2,050,930	1,699,942
Gross Assessments	4,055,122	7,196,879
Assessment Receivable		(940,049)
Less - Allowance for Uncollectable Assessments	(43,346)	(31,388)
Net Assessments Collected	$ 4,011,766	$ 6,225,442

4. CLAIMS SETTLEMENTS:

Claims settlements consist of payments to the claims servicing facility for policyholder's covered claims including unearned premiums, claims existing before the insolvency, and claims arising within thirty days of the insolvency providing the policy is not replaced or expired. All claims are limited by statute to the lower of the face amount of the policy or $99,900.

At December 31, 1986 the estimated outstanding claims, as calculated by the Fund's service bureaus were as follows;

Automobile	$3,537,061
Other	3,942,098
Total	$7,479,159

5. ADMINISTRATIVE EXPENSES:

A summary of administrative expenses is presented as follows;

PURPOSE	AMOUNT
Audit fees	$ 11,275
Managing secretary	96,152
Legal	109
Miscellaneous	11
Office supplies	241
Postage	803
Publications and reproduction	2,675
Telephone	675
Total administrative expenses	$111,941

6. CONTINGENCIES:

The Fund is involved in a normal number of lawsuits incidental to its function. The outcome of such suits in the aggregate will not have a material adverse effect on the Fund since it assesses member insurers for deficits.

7. SUBSEQUENT EVENTS:

On February 24, 1987 the Board elected to contract with Jack Trimble as managing secretary and GAB Business Services, Inc. and Frontier Adjustors as the claims service and adjusting facilities through February 28, 1988.
